

Sustainable Investment Policy

Istanbul Okan University is a global institution committed to serving the development of humanity and humankind, respecting the Sustainable Development Goals, and embracing continuous improvement as a core principle.

This policy aims to demonstrate that Istanbul Okan University adopts a transparent, open, and fair approach to sustainable investment. To promote the well-being, equity, and sustainable growth of current and future generations, Istanbul Okan University prioritizes sustainable investments not only from a financial perspective but also through an environmental and social sustainability lens. These investments focus on education, research, technology, and health sectors.
